U. S. DEPT. OF AGRICULTURE

1966 Edition No. 9

March 11, 1966

Sales: We have gained approximately 37,000 acres in the last two weeks.

Jorgensen's District is again the leader in both crops sold and acres. New additions in the "plus" column are Bottineau, McKenzie, Ramsey, Rolette, and Ward Counties. Congratulations!

Last week's blizzard is now in the record books but we have to live with the mess it left behind. Even though many of us were inconvenienced by the storm, we are very fortunate that none of our FCI people lost their lives. Certainly it will be more difficult to do our work until roads and yards are all plowed out, but we must continue to work. We are still 119,000 acres short of the break-even point and time is running out. Make every minute count in the days remaining before the close of sales.

Accounts: Keep at this important phase of our work. As mentioned before, our letter pertaining to crops that may terminate will be sent on March 16, 1966. If any errors are found in the listings sent to you, please advise us immediately.

Thought for the week: Big things are not asked of small people.

H.G. Schonberger

1966 Edition No. 10

U. S. DEPT. OF AGRICULTURE March 18, 1966

Sales - Our congratulations to Director Jorgensen and his crew for becoming the first District to go into the plus column. Keep up the good work. We gained about 22,000 acres for the week. McLean and Oliver counties have joined the plus group. We hope the "no report" counties come in with reports this week.

Collections - Our letters dated March 16 have resulted in some payments directly to the State Office. No doubt many more payments will be received in County Offices.

Every crop saved by collecting the premium means one less sale is needed to replace cancellations.

Acreage Reports - It's time to start thinking about ordering worksheets and blank reports. Headed-up reports will again be available from the Branch Office.

Sales - Markel's District is the second one to move into the plus column and is starting to build business for 1966. Our congratulations to Director Markel and his crew.

Jorgensen's District again set the pace for both crops and acres sold. Our gain for the week was about 25,000 acres.

Pembina, McHenry, and Kidder Counties have moved into the plus group.

It Can Be Done - The large producer will sign up. This week in Jorgensen's District a producer with 5,000 acres, \$8,500 premium, and a liability of over \$90,000 put his name on the dotted line. We need more like that.

Collections - are improving on the basis of our records but we have a long ways to go.

Acreage Reports - Study the new procedures carefully. You will note some changes as you do. Directors will be discussing with you.
